

WHITTLE WAXES FURNITURE CARE INFORMATION SHEET

Product Description: Whittle Waxes Furniture Care

Spray solution designed to both clean and maintain surfaces finished with Whittle Waxes Hardwax Oil and other coatings. Furniture Care will prolong the durability of pre-coated surfaces.

- **Protects:** Furniture Care leaves a thin replenishing, protective layer on the surface prolonging the durability of the protective coating.
- **For various surfaces:** Cleaning of waxed and oiled surfaces, furniture, paneling, ceiling lining, doors, furniture, countertops and laminate, as well as lacquered and cork surfaces.
- **Safe Meets Australian and German regulations on combustible liquids. Safe** for humans, animals and plants after drying. Food and toy safe. Contains no biocidal substances or preservatives.

Recommended Tools:

Spray bottle, lint free cloth

Coverage Rate:

N/A

Container sizes: 500ml spray bottle

Storage: Cool but frost-free.

Drying time: Similar to other cleaning products.

Coats needed: Should be used for regular maintenance.

Surface Preparation

Dry-clean (dust) the furniture prior to care.
Clean and maintain furniture as needed.

Maintaining Hardwaxed Surfaces: Furniture Care Concentrate 500ml spray bottle, mist the furniture and wipe dry with a lint free cloth. Do not clean with water only, because this will remove the protective film provided by the coating.

Maintaining Oiled Surfaces: 500 ml spray bottle supplied. Mist the surface and wipe dry with a lint free cloth, but not microfiber as this will remove the oils over time. Do not clean with water only, because this will remove the protective film.

Helpful Advice

- Regular care with Furniture Care will increase its resistance and prolong the durability of the coating.
- When the Furniture Care or surface has some minor scratching or slight staining, uses Whittle Waxes Object Oil (Repair Wax) See information sheet on our website.
- For a more aggressive cleaning before a total recoating use Whittle Waxes Preparation Cleaner. Please refer to information sheet on our website and contact us for advice before using Preparation Cleaner as it will remove a thin layer of wax and oil from the surface.
- For more information refer to our Cleaning, Care and Maintenance sheet on our website.

Ingredients:

Water, <5% natural soaps, soy lecithin, potash, preservatives, <5% anionic tensides, <5% non-ionic tensides, coconut fat tensides, (benzothiazolinone, methylisothiazolinone).

Global GHS Safety Notes: P101 if medical advice is needed, keep packaging or label handy. P102 Keep out of the reach of children. P103 Read label before use. EUH208 Contains 1, 2-benzothiazol-3 (2H)-one. May produce an allergic reaction. In case of skin contact, we recommend wearing suitable gloves (nitrile). EUH210 Safety data sheet available on request. Only completely emptied containers may be recycled. Dried residue can be disposed of as a household waste or as construction waste. Dispose of liquid residues at a collection point for old paint.
