

Product Description: Teak Cleaner

An environmentally-friendly cleaning concentrate, specially developed for teak and similar timbers, to clean soiling, algae formation, greying, grease and oil.

- **Areas of use:** All exterior timber, decking, screens and garden furniture
- **Benefits:** Easy-to-use. Highly effective, cleans deeply and gently. Highly efficient (up to 75 m² per liter)
- **Safe:** for the environment
- **Recommended treatment:** Before the application of any exterior timber protection.

Recommended Tools: Stirring stick, stiff Brush or cleaning fleece, bucket.

Clean tools and brushes:
Can be cleaned with soap and water

Coverage Rate: Approximately 10-70 ml per m², i.e. 1L Whittle Waxes TEAK CLEANER yields approximately 15-75 m² surface to be cleaned.

Coats needed: one
Drying time: 12-24 hours

Storage: Cool, but frost-free. Ensure can is well closed. Recommended storage temperature: Above 8°C.

Container sizes:
1 L, 2.5 L, 10 L.

Application:

1. Work in sections.
2. Use undiluted or diluted with water (max. 1:5), depending on the degree of soiling.
3. Wet the area to be cleaned, apply Teak Cleaner and allow several minutes to soak in.
4. Do not allow the *Teak Cleaner* to dry on.
5. Brush with a stiff brush or Cleaning Fleece with water until the desired shade has been achieved.
6. Repeat the process if required.
7. Do not work below 8°C.
8. Finally, rinse well with clean water
9. After using application and a suitable drying time (approx. 12-24) treat your teak with Teak oil Bangkirai Oil, Exterior Oil, or other exterior timber protection to prevent rapid bleaching and new soiling.

Ingredients:

Water, <5% anionic tensides, <5% non-ionic tensides, <5% phosphates, butyldiglycol.

International GHS Safety Notes; P101 If medical advice is needed, keep packaging or label handy. P102 Keep out of the reach of children. P103 Read label before use. Keep away from food and feed. Do not breathe in the spray. Rinse skin and eyes with clean water. In case of skin contact, we recommend wearing suitable gloves (nitrile). Only completely emptied containers may be recycled. Dried residue can be disposed of as household waste or as construction waste. Dispose of liquid residues at a collection point for old paint. ASN No.: 080112.
